GILLARD'S SHEEP DIP

SANDRINGHAM
TESTIMONIALS.
From Mr. John J. Mahon, Capilla del Señor, June 29, 1881.—The dip which you sent me I used according to directions, and I can assure you that it gave the desired result. During four years of practical experience of curing scab in sheep, I have seen many specifics used, and I consider Gilliard's the only one that gives complete satisfaction. It improves the quality and promotes the growth of the wool. For efficiency, economy and facility of application, I prefer it to any dip I have used.
From Mr. James M. Thomas, Estancia Santa Ines, Monte, June 29, 1881.—Having given a good trial to Gilliard's Dip, I have much pleasure in bearing my testimony to its valuable quality as a Sheep Dip. It destroys all insect life with which sheep are infected, mixes readily in cold water, does not injure the hands, and softens all hard parts. I shall strongly recommend it whenever an opportunity offers. As regards the cheapness, it should command a good sale.
From Mr. Wm. Petty, Estancia Caro, Colonia, Sept. 20, 1881—
“I feel great pleasure in informing you that the sheep dip supplied by you to me under the name of Gillard's Sheep Dip has had surprising results on my English long-woolled rams; it has kept them entirely free from scab after only twice using it, although those rams have been constantly running in a flock of scabby sheep. I intend for the first time to give it a trial with the whole of my English breed of sheep as soon as I have them shorn, as I feel satisfied I shall with that did keep scab out of the flock.'
From Messrs. Patrick Mahon, junr., Ciriaco Morales, and James Murray, Capilla del Señor, Sept. 18, 1881—
“It gives us great pleasure to inform you that, after giving a good trial to Gillard's non-poisonous sheep dip, we can pronounce it to be the best specific we have used as yet, and we are fully determined for the future to use no other remedy.”

HIGH LIFE AT BAHIA BLANCA
Who is Minister of War? or has the high life progress of the capital abolished the office and saved to the nation the high expenditure of that most wretched of all our departments?
Is General Roca President of the Republic, and yet the Indians come within twenty squares of the town of Bahia Blanca, lancing and spearing the very peones in the chacras of that benighted town?
Is the Argentine Congress in session and yet not a single member of that august body has the forehead to rise and demand of the Government some explanation of the last sad news from the south?
Not for years have we had such disastrous news from the south, and all this sorrow, ruin, affliction and despair is caused by the High Life in the Capital, which is making women of our soldiers and mere dandies of our best officers.
Let it be published that, since the present session of Congress began, our camps, estancias, sheepfarms, and 'pobladores' have suffered more from Indian invasions than for years before. Invasion has followed invasion—'saqueo' on top of 'saqueo'—murder and assassination not only at the lonely 'puestos' on the estancias, but right under the very noses of the authorities in their towns, 'fortines' and posts At the Sauce Corto the Indians swept off the women, sacked houses, murdered the very soldiers, and cleared out to the Pampa with cows, mares and even sheep!!
The War Office at once took the matter up; and we read in all the papers of the immediate steps taken.
The new moon had hardly come in when, spite of all the War Office steps, the Indians again entered and killed on Mr. Tornquist's estancia six peones at a lonely puesto.
Another War Office reaction ensued. Telegrams after telegrams were despatched, and at a high life entertainment somebody drank to the health of the War Minister, who had at last polished off the Indians.
We were all lulled again into a species of War Office repose and took to drinking champagne on our new ironclads, when suddenly the news comes from the south of the Rio Negro that Governor Alvaro Barros and all his peones at the new post, San Antonio, had their heads first scalped and then cut off by the savages. Governor Alvaro Barros escaped, but not so his unfortunate men; and the only solace to the public mind was that the invasion took place south of the Rio Negro, which, for our high life friends in Calle Florida, means the South Pole. In such remote quarters what else could be expected, but it leaked out by some spiteful telegram that the Indians came up to the very chacras of Biedma, Governor Barros's capital.
Time, that heals every wound, had all but obliterated the record of that scandalous, wretched, miserable, bloody invasion, when the wave of electricity brings to us still more disastrous news, and the invasion which, by way of a joke, was made on the estancia of the editor of this paper with a cool sweep of 600 cows, not one word of which proved true, turns out to be one of the most scandalous, discreditable and disastrous inroads (up to the very houses in the town of Bahia Blanca) on record.
The Indians attacked the telegraph station at Mercedes, on the Colorado. They sacked the office also eight ranchos that form the military station, swept off chain-posts, theodolites, coaches, harness, &c., of Mr. Freund, the Government surveyor, who is at present in town and left the things there for safe keeping. The Indians took all these tools, implements, &c., the better to organize their high life in the Pampa.
They swept up from the Colorado to the very gardens and chacras of Bahia Blanca, and murdered the people within hail of the Juzgado!!!!!
If the Indians did not take Bahia Blanca, it was because they didnot care. Fifty armed gauchos or savages might at any moment take that place, no matter what the War Minister may say to the contrary; and let not the public be bam-boozled by the High Life telegrams of the War Office, stating that the Indians have fled. There were telegrams in town yesterday to say that they have not fled, but are in the environs of Bahia Blanca, Curumalan, and Fuerte Argentino, for aught we know shearing the sheep before they carry the flocks off to the Pampa, At Azul and Ayacucho there is the greatest excitement, as the rumour is the same Indians will with this moon invade both places. Such is the truly wretched state of our defences that we are not to be surprised if at any moment the news comes that Bahia Blanca is burnt down, and the whole country pillaged. They lay great stress in the Government House about the departure of Gen. Villegas in the Villarino—all bosh. What is wanted to defend the frontier cannot be forwarded by steamer. Horses, and well fed horses, and good active officers with effective piquets of men. Where was the Government force at the telegraph station on the Colorado, when the savages sacked the place?
Where was the Government force and the town authorities, when the Indians rode into the very chacras of Bahia Blanca?
We fear that the wrong men are in the wrong places, and since Congress has granted President Roca 2 months' leave of absence, the country will bless him if he spends his vacation on the banks of the river Colorado.

THE 100 MILLION LOAN BILL
The following is the text of this Bill, as sanctioned by the National Senate on Tuesday, after a warm debate. The Committee proposed that the minimum issue price should be 85, but a Santa Fe Senator moved 90 as an amendment, and it was accepted by the House.
Art 1—Let there be issued the sum of one hundred millions of hard dollars, or its equivalent in National money, in Bonds bearing 5 per cent annual interest and 1 per cent accumulative amortization by drawings at par. No change can be made in the amortizing fund during the first 10 years.
Art 2—The Government is hereby authorised to negotiate these Bonds either at home or abroad, in whatever way it may chose, but not under 90 per cent.
Art 3—The proceeds of the sale of these Bonds, or the money raised on them, shall be devoted to the payment and amortization of the following Loans—
Foreign Debt

THE 100 MILLION LOAN BILL

The following is the text of this Bill, as sanctioned by the National Senate on Tuesday, after a warm debate. The Committee proposed that the minimum issue price should be 85, but a Santa Fe Senator moved 90 as an amendment, and it was accepted by the House.

London 2d. Nov.

Our Paris correspondent states that the Franco-Belgian Treaty of Commerce has been signed, and that the negotiations with Italy are likely soon to be successfully terminated. The clauses favourable to the interests of these two countries depend on the Treaty concluded between England and France, and there seems a growing impression that the signature of this latter is somewhat remote contingency.

Since the surrender of Kairouan the French forces in Tunis have not made any important movement; but it is again hinted that an extensive expedition to Southern Tunis is meditated. It is by this intended to surround the Arabs, and completely crush them.

According to our Paris correspondent, the Governments of England and France are in complete accord in reference to Egyptian affairs. Both are resolved to put down all seditious attempts with a firm hand and to uphold the authority of the Anglo-French control.

Our St. Petersburg correspondent learns, on good authority, that the coronation of the Czar has been definitely fixed to take place at Moscow in May next year. A sort of laboratory for the manufacture of dangerous explosives has been seized at St. Petersburg. The house is occupied by a man and woman, who were arrested.

The Porte disputes the legality of Russia's demand for payment of interest on the war indemnity. It is preparing a judicial memorandum on the subject.

Officially we may now be said to know the results of the German elections, the returns of 395 out of the 397 contests having been definitely announced. The Centre party takes the lead with 100 members; and this, being the most compact of the German political fractions, will virtually exercise a preponderating influence in the Reichstag. The Liberals have a total of ninety-two, but they are divided into four sections, which are not as a rule very coherent. There will have to be 100 second ballots.

Sitting without legal qualification in the Quebec Legislative Assembly is an expensive business. Mr William Buckett, who had been shown to be disqualified in some way, has just been fined $2,000 for each day on which he sat, or a total of $75,000.

Strong hopes are entertained by the New Zealand Government that a military struggle with the Maories will be avoided. This hope, however, seems mainly to be based on the imposing force already assembled overawing Te Whiti and his followers. The differences with the natives remain unsettled.

Roumania expects an excited, if not a stormy, session of the Chambers, three questions of much popular interest coming up for settlement: the eligibility of the magistracy, the navigation of the Danube, and the revision of the Constitution in the direction of an extended franchise.

As a rule the municipal elections in England yesterday passed off very quietly. There were comparatively few contests, but the changes wrought in the position of parties are insignificant. The Irish vote was generally given against the Liberals, who gained only forty-five seats, against eighty-six won by the Conservatives.

At the Maidstone Assizes yesterday the Grand Jury found a true bill against Lefroy for the murder of Mr Gold on the Brighton Railway. The day for the trial has not yet been fixed, but it is expected to be either Thursday or Monday next. In addressing the grand jury in reference to this case, the Lord Chief Justice commented with some severity on the conduct of the police who first came in contact with Lefroy after the murder.

Having been appealed to use his influence in promoting the release of the Rev. S. F. Green, the Bishop of Manchester states that he has been in communication with the Prime Minister, to see if the Crown's prerogative of mercy might be exercised in the case; but he has little hope of success without some concession on Mr Green's part.

A resolution was passed at a meeting of the Durham Federation Board yesterday bearing testimony to the lifelong labours of the late Mr Macdonald, M.P., in behalf of the miners. It was further resolved to send representatives to his funeral. The National Liberal League, of which Mr Macdonald was a Vice-President, has also passed a resolution expressing regret at his demise.

Speaking again at Hull last night Lord Randolph Churchill advocated a change in our existing commercial system, saying it would be wise to take steps in time to draw our food supplies from our colonies.

Mr Ashton Dilke, M.P., last night delivered a lecture at Chelsea on the next Reform Bill. He looked upon it as practically settled that the new Reform Bill would provide for the equalisation of the borough and county franchise and for a redistribution of seats. He considered the prospects of such a measure were more fixed than they had been, and that the present Parliament would not be dissolved without the passage of a Reform Bill.

Mr Sly raised a long discussion at the Metropolitan Asylum Board on a motion asking for a Parliamentary Commission to inquire into the working of the Acts under which the Board was constituted, The speakers who supported the resolution mainly complained of the enormous expenditure incurred. Mr Sly said the reason why there was small-pox in London and not in the provinces was because the latter had no Asylums Boards to erect great hospitals. The debate was adjourned.

EDITOR'S TABLE.

The splendid Lamport and Halt steamer Maskelyne, Chevalier Hairby commander, sails this afternoon for England. Mail bags close at 1 p.m. This is just the steamer to send New Year's cards and gifts by to friends at home.

The Indians were again the topic yesterday. At the rate things are going on, we may soon expect a visit from the savages in Plaza Victoria. There really seems to be nothing whatever to prevent them coming to the Continental Exhibition and scalping us all. People are now beginning to ask if there is any garrison at all, large or small, on the Southern frontiers?

The Britannia's mails came up yesterday at last. We give extracts in another column.

The National Senate has passed the Hundred Million Loan Bill, and the Deputies will take it up in a day or two. Let us hope they wont pass it, as it contains the germ of financial woe unutterable.

The Havas Agency is going to start a newspaper in Montevideo, to publish its own telegrams. Not worth while. Its man in Paris ought to get a hint to brighten up a bit. It's bitterly disappointing when the public are expecting something about the great questions of the day in Europe, to get news about a change of Ministry in Portugal' or an election in Bulgaria.

Barracas is alive with preparations for the Santa Lucia fetes, which will be very brilliant this year; in fact they always are very brilliant. The streets will be kept watered during the fun, which will be an immense boon.

It's all nonsense to say that railway travelling in England is very dangerous, owing to the high speed and number of trains. During the first six months of this year, of 300 millions passengers carried, only two were killed and 339 wounded. A mere bagatelle. What splendid management these figures reveal. France now enjoys an unpleasant preeminence in the railway smash way.

In reporting yesterday the attempted burglary at Mr. Stearn's tailoring establishment, we gave his address as 98 Cangallo: it should have been 98 Reconquista.

Good news from Rosario. The Elevator is almost finished and will be inaugurated in time for the harvest. Good luck to the concern! It's the first of its kind South of the Equator, but it wont be the last.

Mr. L. Pintos, a gentleman who is fortunate enough to possess the first printing press imported into this country in 1841, by order of Rosas, wants to sell it to the National Government at 1,500 pats. The article would be dear at quarter the money yet Mr. P. says that he has had an offer for it for a museum in England. It must have been for the private museum of some old and enthusiastic River Plater.

At the banquet at the French Legation the other night, Admiral Grivel said that he would hardly recognize Buenos Aires as the same city he had seen some years ago, so wonderfully changed and improved is it.

The intended purchase of 2 large war corvettes in England by the Nat. Government is spoken of by a colleague. They will be sailing vessels and used mainly for training the officers and sailors of the navy. Not a bad idea.

M de Lesseps, of Suez Canal fame, is a tolerably experienced traveller, and the following remarks by a home colleague as to his way of going about the world when engaged in altering its physical formation to suit the exigencies of commerce, may be of use to some of our peripatetic readers:—

"M de Lesseps has through life made it a rule never in travelling to be encumbered with luggage. Two suits of clothes, one for evening and one for changing if he gets wet, some flannel under-clothing, and socks and handkerchiefs, are all he takes with him. The shirts are bought as they are wanted on the journey, and the soiled ones thrown away. Wear and tear of mind and body is thus economized. There is no necessity for courier or valet. Cabmen are glad to pick up at railway stations a fare who has so little impedimenta; thieves are not tempted to assault; and the lightly loaded traveller is not at the mercy of hotel keepers, who are the tyrants generally of guests with a quantity of luggage."

Those who went out to the Congo and Sud America on Monday to receive their friends and relatives had a terrific day of it. The little tenders were pitched and tossed on the rolling waves and could not make fast to the steamers, finally returning to the mole with their drenched passengers. Tuesday was almost as rough, but we believe some of the emigrants managed to get to shore.

Our colleagues are all deep into the dear beef question. It is about time for the Municipality to take some action in the matter. In Rio the City Fathers are not so tolerant with scheming butchers and purveyors. The same high prices prevailed there, and municipal stalls have been opened where prime beef is sold to the people at cost price. A butcher went one day and bought up a lot of beef, with the intention of selling it to his customers at a huge profit. He was recognised, the beef taken from him on the spot by the authorities, and the indignant people kicked him into the street. Making extravagant profit out of the food of the people is a dangerous game in every country but this when the most sensitive points of humanity—the purse and the stomach—are assailed.

The squeeze at the National College now every day beats Donnybrook Fair. There are over 800 young gentlemen undergoing their Christmas examination. We wish every man of them a verdict of 'sobresaliente'.

Our musical reporter speaks in most enthusiastic terms of the dramatic performance at the Opera on Tuesday night. They gave a piece called 'Nerone', styled a comedy, but which turned out to be most tragical. It is indeed extraordinary that it should be seldom given and consequently so little known. Any one desirous of having his feelings well harrowed up should go and see that piece. Some of the ladies were moved to tears. La Tessero and a young actress of great promise called Bonatini played admirably. Cavallieri Biagi needs only to be known to be appreciated: his histrionic power is very remarkable. Rossi played in the same piece here some years ago; those who recollect him in it should go and see his rival Cavalieri Biagi. The public will shortly be made acquainted with some of the other artists, of whom report speaks very favourably.

Paul Pry was strolling down Florida the other afternoon with a friend, and as dinner time was approaching, the conversation turned to that interesting occupation—'Well, where shall we dine?' said Paul Pry to his friend. 'My dear fellow,' was the reply 'the choice is limited. I am tired of the Cafe de Paris, and Colon is always too full of Provincial Senators who bore you with their stupid politics; if you go to Filip's, you are sure to hear about gold and National Bank shares; therefore the best plan would be to drop into a new place at the corner of Peru and Victoria to see what that is like,' and so they did. They had a very good dinner, elegantly served up in a large well appointed and well ventilated saloon, at a very moderate price indeed. Therefore, they are determined to call again at the Salon de Paris, which does Mr Michael credit.

The Health Board decided on Tuesday that, as Rio Janeiro continues healthy up to the present, no quarantine is necessary, and one day's sanitary observation at Montevideo for vessels from Brazil is sufficient for the present.

Bad news from the very far South. Commander Obligado has been forced to give up his exploration of the Limay in the little steamer Nauquen, in consequence of the persistent attacks of the Indians. The savages are not even scotched, much less killed.

Admiral Grivel left yesterday for Colonia; he will return for the Exhibition.

A special Guide Book for visitors to the Exhibition is being got up, called the 'Memorandum Argentino'. The price for advertizing in it is extremely stiff, $3,000 for an aviso on the cover. Florida 154 is the place to hear all about it.

The *Nueva Revista* for December was given round yesterday. We commend the article by Don Pedro Agote, on the Provincial readers. Mr. Vallejo' paper on the Physiology of Fear is very funny, and the other contents are well up to the usual mark of this high-toned magazine.

Several subscribers asked us yesterday if the 6th instant, the anniversary of this city being made the Capital of the Republic, is to be a beer day in the Plaza as it was last year. We hear nothing about beer, but believe there will be a Te Deum and a review of troops.

The news from Montevideo is still of an annexation hue. Our colleagues down there are still in full cry after Dr. Costa, and the Spanish dictionary has been exhausted of all its abusive adjectives and nouns for his special benefit. By latest accounts he was still alive and not much the worse for it all.

THE CASCO FUND.

Concordia, Nov. 28, 1881.

To the Editor of the *Standard*.

Sir,

The statement in your issue of the 25th instant that $ f.40 of the 'Casco Fund' was expended in beer, &c., is incorrect, and as it is also calculated to diminish the good feeling which it was the object of the subscribers to promote, I shall be obliged by your publishing this letter.

Sir,
Yours truly,

ON 'CHANGE.

Nov. 30th

Patacons	24.95
Cedulas A	98½
National Bank Shares	103½

This was the greatest liquidation day on the Bolsa in the memory of the oldest brokers in this market. Speculation seemed at last to have reached its apogee in National Bank Shares, and although on the black board the vencimientos in this stock were marked at 310,934, being the sales during the official hours at the ring in the month, still in reality the vencimientos reached seven hundred thousand shares, which includes the sales at afterhours. So stupendous a liquidation in a stock so fresh and so limited naturally caused in the minds of many the very gravest suspicions of the day and its business, and before the bell rang 12 o'clock to open the ring there was a heavy depressed feeling, which was in nothing diminished by the appearance of some well known brokers with large paper parcels under their arms suggestive of thousands and thousands of National Bank Shares brought for delivery. Scarcely had the ring formed when the news spread that one man was gone; conversation usurped the place of business, and soon a second name as down was given; then a third tumbled, and before 1 o'clock the news in the hall was that 4 lame ducks were announced, there being a mistake about the fifth who was not able to come on Change, being confined to bed with lumbago, but he had sent a representative to arrange everything with the liquidator. Things ruled tremendously dull now, and people who came on Change with checks in both pockets to buy shares at their bottom held back, quite certain that the bulls were all cornered, and that the bears would win the day. Three new smashes were, before the ring closed, announced, which palled many and stripped some friends of all, for nearly all, their profits in the liquidation. It was very remarkable how on the advent of every fresh rumour men recurred to their tables. Perhaps in all the vicissitudes of life there is nothing more delusive than a broker's liquidation paper prepared the night before the liquidation; men came on Change with their papers all made up, showing a clear profit of say 20,000 pats.

At noon first failure announced, and figures have to be altered, there still being a profit of 15,000 pats.

At 1 o'clock—The paper has again to undergo modification, and the balance is changed to 10,000 patacons.

At half past 1 o'clock—The ring closed, and the paper has again to be modified, three failures announced, and all balance wiped off.

At 3 o'clock—Things look very black,
At 4 o'clock—Sweeping change.
At 5 o'clock—Liquidation closed, and the day's account shows all profits swept off, and about 3500 pats to be paid up by the party in question, in order to hold his place on Change.

There were cases to-day far severer than the one we have given above, and it will be indeed a long day before the memory of November's liquidation will be wiped from the heated tablets of the brokers' brains.

The sales of the shares cash amounted to 16,400, opening at 103½, and closing at 103¾, and for Dec. 100 sold at 106.

Gold, however, proved another surprise to the Bolsa people—Hear ye, hear ye—all manner of people, that to-day gold was sold cash on the Bolsa at a discount, several sales having been made at 24.90, which is always 5 cents dis. To run to the bank and knock hard at the mahogany doors of the Oficina de Cambios was not much of a task; men who ran to the bank found that the Oficina de Cambios was doing nothing, but that Mr Sala, the great and popular cashier, was buying over his counter gold at the rate of 25 to the patacon. Mr Crosbie, who is Mr Sala's right hand man, was quite enveloped in gold checks, and it was, we suppose, to escape the delay of interviewing Mr Crosbie, that the brokers paid 6 cents at the ring to obtain their gold on the Bolsa. The cash gold sales were 249,000 pats, opening at 25, and closing at 24.95. What a victory! Gold was delivered to-day that was sold last June at 22,10; the vencimientos were 4,601,000 pats, yet only 200,000 pats were needed to close everything, and what is very remarkable about gold is that they were borrowing gold at 8 per cent on bank shares, whilst for paper on the same stock 11 and 12 were paid.

Cedulas were squeezed to death by the Bank Shares and 105,000 sold cash, opening at 98¾ and closing at 98½.

The liquidator established the following as his prices for the liquidation:

GOLD Par $ 25.
Cedulas 9 ¼.
National Bank Shares 104.

Very large amounts of money were taken up to-day, from shopkeepers and others, on shares at 11 and 12 per cent.

All parties seemed to admit the error at 3 o'clock, that the syndicate, in order to help one or two brokers, had smashed close on a dozen.

At ½ past 12 o'clock the Italian king entered with only 1500 shares under his arm, which he gave to the liquidator; but people watched the door all day, expecting to see the Italians with a large wheelbarrow full of shares coming on 'Change. They did not come.

The Maskelyne sails to-morrow, also the Porteña and Ville de Rosario, the former for Antwerp and the latter for Havre. Rates have now the appearance of stiffening, 40s being asked for Antwerp.

The news from the South camps about the Indians having invaded the very chacras of Bahia Blanca produced a most profound impression. The Indians it seems have not fled but were last night felt in the neighbourhood of Fortin Argentino and Carumalan, and some say the Tres Arroyos; the most alarming telegrams came up to-day, and the telegraph clerk at Mercedes they say is killed.

Mr P A Rathbone, chairman of the Prange Estancia Co. limited, was welcomed on Change, he leaves for Rio.

The sales at the ring were—
For cash 294,000 25.–24.95

The news from the Once was—

The market commences to flatten somewhat after the exitement of the last 3 days. Pasto fuerte is great demand, and several lots sold at $95. Lambs wool dull and declining.

At 3 o'clock they began to feel a scarcity of Bank Shares and none coming in prices advanced to 106, then to 107, and finally to 108. The crowd in the room and hall was something unprecedented; one could hardly push his way through, and crowds stood back from the door of the room, watching the turn of the market. Many brought checks in their pockets in the hope of buying in cheap for cash at auction, but they returned as they came, and the bears were completely defeated on all sides.

As for general business there was very little even talked of; the whole Bolsa mind being centred on the share market. At half past four o'clock the auction was called, and the auctioneer began by offering to sell gold—

37,300 pats sold.

The auction of auctions then began and the liquidator announced that he would buy Nat. Bank Shares, in lots of 100 shares each; the first bid was 120, but it dropped, sellers offering until it closed at 104½. For nearly an hour this auction to buy shares continued, the total amount bought being 735o shares at prices varying from 104½ to 108 which was the price paid for the last lot. The prices at the auction held very firm at 104½ and 109, until the Italian king began to sell and then the market dropped to 108¾. Taken all in all, it was the most exciting auction we ever witnessed on the Bolsa, and completely eclipsed the memorable gold auction some months ago, when the gold market broke away.

Hardly was the auction over when the news from Congress came that to-day the Deputies passed the 450,000 pats Indemnity Law, which was so long in doubt.

The total number of shares delivered to the liquidator was only 14,700, and all the talk about 35,000 shares coming was mere bosh.

The Bank Shares are now held by many, and the market is less in the power of the Syndicate. We believe the Italians delivered every share they held and could do no more, and the share market now after such prolonged depression shows signs of a great reaction.

At the Provincial Bank to-day 400,000 pats gold brought for exchange for paper, and a gold check for 6000 pats on one of our private banks was cashed at the bank in paper; but for the Indians at Bahia Blanca one might write an enthusiastic leader on this event of events, but the War Office high life chills every gush that the event provokes.

The Ada Wiswell is a total loss, captain, wife and crew escaped on a rope from the shore. Ship and cargo insured, she lies in 7 feet of water, masts fine, keel broken, fire crackers all gone off, kerosene spilt.

A list of 8 defaulting brokers was shewn around on Change to-day. We hear of a clerk on a small salary whose loss amounts to 70,000 pats. No wonder brokers cave in

The Lucerne arrived to-day.

At Casares's barraca, Boca, on Monday night the tide rose 18 inches in ½ hour.

A cargo of salted hides in rivers said to be sold to-day, could not find out particulars.

The Bank discounted to-day 7 millions.

British barque Neva with a full cargo of kerosene to C S Bowers has arrived; she goes to the Boca.

Our Boca reporter gives the following—

The American barkentine Henry Warner, Capt. Reed, arrived to-day in the Boca, consigned to C S Roberts, Esq., with lumber, after a splendid run from the U. States. She left Portland on October 8th and arrived in the roads on November 28th. The cargo goes to Casares.

The Britannia's mails were delivered early this morning; the letters and advices are very important, and we hear that the business advices from the South of Europe are most favorable. The London papers give the following:

"The important fact in connection with the scheme of the Argentine Government for the abolition of the forced character of the paper currency and the consequent resumption of gold payments, to which we have several times given prominence, has been the steady improvement in the exchangeable value of the paper currency against gold. The former has been now for some time past almost at par, instead of at a serious discount, as it was before the Government announced its intentions. We note that the *Financier* attributes the recent renewed improvement in Argentine stocks to the discovery by the operators that this improvement in the value of the paper currency necessarily increases the value of the payments by the Government to the holders of the locally issued stocks and those of the guaranteed railway loans. The market for Argentine securities has also been strengthened by a rumour of an approaching conference of the holders of the Argentine 9 per cent Treasury Bonds based on the expectation that the Argentine Government will be willing to pay these off with a more or less substantial bonus, or convert the securities into some other form. As we have previously pointed out, the progress of the financial re-arrangements in the Argentine Republic will repay attention."

STATE OF IRELAND

Dublin, Nov. 1st

The Lord Lieutenant issued a warrant for release of Mr Sexton, M.P, from Kilmainham, on the ground that his health would be endangered by further imprisonment, and to-night at 7 o'clock he was liberated. Mr Sexton drove to his residence in the city. There was no demonstration, as the fact of his release was not publicly known. Clonmel Gaol has been fitted up for the reception of suspects and further arrests are in contemplation. In consequence of recent events connected with Kilmainham Gaol which showed great laxity in the management, the prison rules are to be applied more strictly in future, and a sweeping change has been made in the official staff. Some of the prisoners will be removed to other prisons, but Mr Parnell and Mr Dillon are not to be removed. Great precautions have been taken to prevent the escape of any of the suspects, and there is reason to believe they are not uncalled for. Since the escape of Stephens the authorities have felt the necessity of vigilance. Mr Parnell is stated to have been seized with acute illness on Sunday last, but it was only temporary, and he has since been in his usual health.

The trial of Peter Duff for the murder of Constable Daly was concluded to-day in the Commission Court. Mr W O'Brien, Q C, having spoken to the evidence in support of the prosecution, Mr Baron Dowse charged the jury, who, after an absence of about 40 minutes, found the prisoner guilty. The prisoner again protested his innocence. Sentence of death was pronounced. No hope of mercy was held out, and the execution of the sentence was fixed for December 1st.

The Duke of Abercorn has received the following letter in reply to one from him endorsing the resolutions adopted at the recent meeting in Lifford—

"Dublin Castle, Oct. 24th

"My Lord Duke,

"I am directed by the Lord Lieutenant to acknowledge the receipt of your Grace's letter of the 21st inst, enclosing copies of resolutions passed at a general meeting of the justices of the county Donegal, held at the Court-house, Lifford, on that day, and to say that the resolutions shall receive the careful consideration of the Government. His Excellency desires me to add that he is gratified by receiving the assurances of the justices that they will give every possible assistance to the Executive in the enforcement of the law and the preservation of the public peace.

"I have the honour to be, my Lord Duke, your Grace's obedient servant,

"*W. E. Forster*

"His Grace the Duke of Abercorn, K.G., Her Majesty's Lieutenant of Donegal, &c."

The half-notes and bank post bills stolen last week in the General Post Office from a messenger in the National Bank, were recovered this morning at the head office of the National Bank, College-green, enclosed in a large brown-paper parcel, bearing the London post mark. They represented in value £10,000. The cheques, it is expected, will probably be also returned, being crossed 'National Bank,' and therefore of no use to any one.

The Land Commissioners sat in their Court to-day and heard numerous applications. In a case of Hamilton, landlord, Biner and others, tenants, Mr. John Ross obtained an order substituting service of notice of sale required by rule 82. The affidavit of Mr. Harvey, agent for Mrs. Hazelton, stating that a state of terrorism still existed in Innishowen, county Donegal, where the tenants resided, so that it was impossible to effect service of legal processes, Judge O'Hagan directed service by ordinary letter through the post-office, and posting copies of notice on the Petty Sessions Court-house, Moville. Mr. Ross sought for a conditional order for costs as in the Superior Courts. The execution creditor was not obliged to pay out of his own pocket similar expenses. Judge O'Hagan declined, saying he was very well off. In the case of George B. Cassan Simpson, landlord, E. Taylor and others, tenants, the solicitor for the landlord sought leave to substitute notice of sale of interest in the farms of 25 tenants near Elphin. They had refused to pay rent, and in actions for the rent judgment went by default. When the bailiff proceeded to serve the writs he was thrown into a bog-hole, and a surveyor engaged under the Landed Estate Court, having been similarly treated, had to finish his task protected by 100 police constables, commanded by a resident magistrate and two sub-inspectors. Mr. Commissioner Litton said the country was in a different state now from what it was when the writs were issued. The solicitor said the bailiff deposed that the country was still in an excited state, and service could not be attempted personally without danger to life. The application was then granted, substituting service in the ordinary way. In a case of Lord Annally, landlord, Edward Canning and two others, tenants, Mr. O'Shaughnessy obtained an extension of time for redemption pending the fixing of a fair rent in respect of lands in the county Longford. Similar orders were obtained in cases in which Lord Gough and others were landlords.

LATEST FROM BRAZIL.

The second scrutiny will take place early in December, until when some doubt will remain upon the result of numerous elections requiring a decision between the two highest voted, but it is not likely that the general result will be much affected, varying the relative strength of the parties in the Chamber of Deputies from about three fifths liberals and two fifths conservatives.

The new import tariff is printed and it is not likely that the representations of the protectionist cotton manufacturers will prevent its being put in force on the 1st of January next,

Owing to the protest against the 3 o|o excise tax on prepared tobacco imposed by the late legislature of Bahia, and to the large number of workmen thrown out of employment on the 14th by the closing, on account of the tax, of the tobacco factories in various parts of Bahia, the president suspended the tax and the factories resumed work on the 20th.

Telegrams from or to foreign countries will from the 1st of December be charged by the government telegraphs only at the rate of 400 reis per zone for each word. The zones will be: from the southern frontier to the parallel of Rio; from this parallel to that of Recife; and from that of Recife to the northern frontier of Brazil.

The Coffee Exhibition has continued to attract a flow of visitors and one is really astonished at the great variety and generally fine appearance of the Brazilian coffees, which seem, if allowed fair play, quite able to hold their own in competing for favor abroad, but indisputably the gem of the exhibition is the Ceylon plantation sample, which has obtained unanimous praise for its beautiful color and the remarkable uniformity of the size of the grains, testifying to its careful culture and to the high perfection of preparation for market attained in the central factories of Ceylon, and which can hardly be expected from plantation preparation.

The Exhibition closes to-day.

Col. Tisdel, as Representative of Messrs. Roach & Son, has contracted with the Argentine government for a monthly direct line of steamers between New York and Buenos Ayres, calling at Rio during the winter season, but without calling here in the hot season. It is expected to commence running in May or next June.

The province of Rio de Janeiro has contracted with the S. João de Barra and Campos navigation company for a tugboat service at the bar of the Parahyba, to facilitate the shipping trade between Campos and Rio.

The imperial government has approved of the plans for the razing of the Senado hill in the city of Rio de Janeiro.

The Exhibition committee has refused to allow the exhibit of bisulphide of carbon, no matter under what attractive name it is sold for the slaughter of ants, alleging its explosive combustibility.

The Relacão has giving judgment against Baron de Capanema in his suit to prevent the manufacture and sale of bisulphide of carbon as infringing his rights as patentee of the Formicide and as alleged holder of the monopoly of the manufacture of bisulphide of carbon.

Consulted by Messrs. C. McCulloch Beecher & Co. as to the meaning of the customary clause in Bills of Lading:

"In witness whereof, the master or agent of the said steamship has signed ... Bills of Landing, all of the same date and tenour, of which only one shall have value," the Council of Arbitration of the Commercial Association, considering that as some consignees keep one bill of lading, the custom house requires another, and master has the right to another, all of the same value, giving opportunity for dispute and fraud, proposed that all the set of bills of lading should be numbered consecutively and should declare in the body that the two last are not negotiable, they belonging to the master and the customhouse; and, moreover, that, to leave no doubt, those two should have across them: 'not negotiable'.

Condessa de Ipanema died on the 17th at Bruxelles.

In the municipality of Nova Friburgo the slaves registered in accordance with the law of September 28, 1871 number of the 30th of September 1873, when the register closes, 4,576 persons, of whome 2,647 were males and 1,929 females.

The deaths to June 30th were 827, the emancipations 169, viz: 26 by the State and 143 by owners. These figures show an annual mortality of about 2 o|o and an annual emancipation of about 0.4 o|o.

Of free-born children by virtue of the law, the registered births were 2,026, of whom 780 died.

The statutes of the Campanhia de Transportes Maritimos of Bahia have been approved, and authorization given for operations.

In consequence of the high prices to which the butchers of Rio have of late raised beef, on the plea of scarcity of cattle, a municipal retail sale at 200 reis per kilogram was opened on the 20th at the S. Diego railway station. A butcher found taking advantage of the low prices and making reiterated purchases was stripped of his beef and promptly elbowed out of the building.

The municipal chamber still hankers after having municipal shops for the retail of beef, and also for controlling of wholesale trade.

In accordance with the general rules we published lately in regard to mail contracts, the new passenger rates of the Maranham steam navigation company allow 800 reis per diem discount when forward passengers bring their own food.

The waterworks of the new Shambles at Santa Cruz have been completed, and part of the slaughter for the supply of Rio has been effected at Santa Cruz. The official trial will take place shortly, and if found satisfactory, the S. Christoval shambles will be closed. The water for the Santa Cruz once is brought 21 kilometers, from the Qrata do Mendanha, by pipes.

At the second Protectionist meeting of members of the Exchange all the motions reported in our last were adopted except those in favor of cessation of interprovincial import and export taxes; creation of an income tax, and creation of octroi duties on native products brought to Rio and the provincial capitals.

According to the draft Regulations for the Rio fire corps, drawn up by the present director, the corps is to become semi-military and there will be five steam fire engine stations in Rio,

Sr. Manoel Delfort committed suicide with cyanide of potassium in Nitherohy on the 17th, leaving a letter declaring that he did so on account of the persecutions of Nitherohy authorities because he refused to sign a document and to act as expert in matters he did not understand or see.

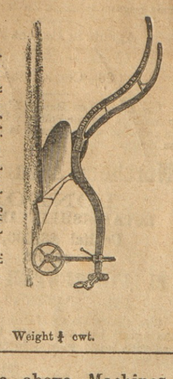
HOWARD'S CELEBRATED PLOUGHS

Howard's Small Ridging Plough



A small useful Iron plough, fitted with a double mould board or earthing up body, and much used by maize and vegetable growers.

Weight ¾ cwt.

Howard's Water-Furrow Plough

This is a modification of J. & F. Howard's Ridging Plough. It is used for making the water furrows for surface drainage on arable land; the peculiarity of its working is that the earth thrown up on each side of the furrow by the mould boards, is moved away from the edges of the furrow and is harrowed down level with the field, a level surface is thus left for the Reaping Machine, and drainage is facilitated.

With steel breasts, weight 1½ cwt.

Howard's Potato Ploughs.

With a pair of horses, this implement will raise three to four acres of potatoes in a day; it leaves fewer in the ground than hand digging, and the roots are raised with less bruising or scratching of the skins than by any other method. These Ploughs have stood the test of many years experience, and the demand grows larger annually.

D, fitted as above, weight 1½ cwt.
D D, fitted as above, weight 1¾ cwt.

ROUGHING IT IN THE COLONIES.—There can be no doubt that a man has to put up with many little inconveniences when he settles in a new country; some of them arising from 'the necessity of things,' whilst others are the result of his own want of knowledge or foresight. However, if he can secure pure water and good bread he will manage to get along tolerably well. Thanks to the advance of chemical science, this last desideratum is not so difficult to obtain as in times past, for with a good supply of BORWICK'S BAKING POWDER, even Robinson Crusoe himself might have produced the whitest and most palatable of bread, to say nothing of cakes and pastry *ad libitum*, and would doubtless have ended by opening a pastry-cook's shop upon his desert island. NOTA BENE.—Don't forget to ask your storekeeper to put up a good supply of this valuable article with your groceries. In packets, 1d, and 2d.; boxes, 6d. and 1s. each.

Dr. J. Collis Browne's Chlorodyne

(Ex Army Medical Staff)

THE ORIGINAL AND ONLY GENUINE.

——o——

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July 13th 1864.

The Public, therefore, are cautioned against using any other than

Dr. J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

——o——

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Jan. 5th 1880. To J. T. Davenport, Esq., 33, Great Russell Street, Bloomsbury, London "Dear Sir, we embrace this opportunity of congratulating you upon the wide-spread reputation this justly-esteemed medicine, DR. COLLIS BROWNE'S CHLORODYNE, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of DR. COLLIS BROWNE'S CHLORODYNE in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases."

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
